Is Disease a Crime?

Not very long ago, a popular magazine published an editorial article in which the writer asserted, in substance, that all disease should be regarded as criminal. Certain it is, that much of the sickness and suffering of mankind is due to the violation of certain of Nature's laws. But to say that all sickness should be regarded as criminal, must appeal to every reasonable individual as radically wrong.

It would be harsh, unsympathetic, cruel, yes criminal, to condemn the poor, weak, over-worked housewife who sinks under the heavy load of household cares and burdens, and suffers from weaknesses, various displacements of pelvic organs and other derangements peculiar to her sex.

Frequent bearing of children, with its exacting demands upon the system, coupled with the care, worry and labor of rearing a large family, is often the cause of weaknesses, derangements and debility which are aggravated by the many household cares, and the hard, and never-ending work which the mother is called upon to perform. Dr. Pierce, the maker of that world-famed remedy for woman's peculiar weaknesses and ills, Pierce's Favorite Prescription—says that one of the greatest obstacles to the cure of this class of maladies is the fact that the poor, over-worked housewife can not get the needed rest from her many household cares and labor to enable her to secure from the use of his "Prescription" its full benefits. It is a matter of frequent experience, he says, in his extensive practice in these cases, to meet with those in which his treatment fails by reason of the patient's inability to abstain from hard work long enough to be cured. With those suffering from prolapsus, anteversion and retroversion of the uterus or other displacement of the womanly organs, it is very necessary that, in addition to taking his "Favorite Prescription," they abstain from being very much, or for long periods, on their feet. All heavy lifting or straining of any kind should also be avoided. As much out-door air as possible, with moderate, light exercise is also very important. Let the patient observe these rules and the "Favorite Prescription" will do the rest.

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound.

If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential.

Dr. Shoop's Night Cure is the Local.

Dr. Shoop's Restorative, the Constitutional.

The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.

The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

Sent Rival an Infernal Machine

Yesterday evening Daniel Miller, of Schenectady, N. Y., was fatally injured by an infernal machine which was sent to him by express. The machine came from North Adams, Mass., and was delivered at Millers lodgings in Liberty street, within a stone's throw of police headquarters, at 1:30 o'clock yesterday afternoon.

John Hallaman is under arrest, charge with attempted homicide. Miller was to have been married to Miss Lillian A. Bedard, of Schenectady, in June. He expected to leave last night for New York to buy gifts for his prospective bride. The police claim that Hallanan and Miller had quarreled over the girl.

The machine was handed to Miller when he returned from his work at the American Locomotive plant.

Miller started to open the package, which was slightly larger than an ordinary cigar box, as it lay on a center table in his room on the second floor. An instant later there was a terrific explosion and other lodgers in the house as well as neighbors rushed to Miller's room. Miller lay groaning in mortal agony on the floor, his face and body frightfully burned and mangled, his body stripped of clothing and blood streaming from several hundred cuts. One eye was torn out and the entire lower portion of the trunk was blown away.

The room was filled with smoke. The windows were blown out and the partition wall between that and the adjoining room was blown down into the next room. The furniture was wrecked, chairs and tables being reduced to kindling. The victim is twenty-seven years old. He is a machinist, industrious and prosperous.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart, or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Sold by E. S. Leadbeater & Sons, druggists.

Bride and Groom Burned to Death.

Dr. and Mrs. Lloyd Garee, of Sutton, W. Va., were burned to death, and John Martin, of Fairmont, W. Va., narrowly escaped a similar death last night, when the Riverview Hotel was destroyed by fire, causing a monetary loss of $18,000.

Dr. and Mrs. Garee were married Tuesday in Moundsville, W. Va., and were en route to the home of the bridegroom's mother, Mrs. Mary Garee, where a wedding supper, at which a host of friends were awaiting their coming. Mrs. Garee was Miss Elizabeth Wingrove, of Moundsville, a well-known young lady of that city. Dr. Garee was twenty-eight years of age, had just finished his medical education, and had intended practicing at Sutton.

The fire originated in the laundry of the hotel, and within a few minutes the building was enveloped in flames. Upon their arrival at Sutton Dr. and Mrs. Garee went to the hotel to recover from the fatigue occasioned by the journey from Moundsville, and were then to drive to their new home, where many guests had assembled.

John Martin had an interior room, and when he heard the cry of fire he ran into the hall. All the passages were blocked, and Martin made his way into the room occupied by Dr. and Mrs. Garee and leaped from the window. He says the two bodies were lying on the floor.

Family Burned to Death.

A dispatch from Asheville, N. C., says: Believing that her husband, a cripple, who had been overtaken by forest fires and burned to death, would come home before another day had passed, Mrs. Marus Singerfelt and her five children shared a similar fate that her husband met while on his way home through the mountains. The entire family perished in the flames. The Singerfelts lived in the South Mountains, near Burkemont, about eighty miles from Asheville. Marus Singerfelt did not return home from his work, eight or ten miles distant across the mountains, a few nights ago. It was the first time since he had been married that he had ever missed coming home. Mrs. Singerfelt walked over the mountain the following day to a lumber camp and reported the disappearance of her husband. As the fires were spreading in the direction of the Singerfelt home, Mrs. Singerfelt was advised by the lumbermen to take her children and flee to another part of the mountain for safety. Overcome by grief at the disappearance of her husband, she decided she would wait another day on him. Before morning the forest fires had completely surrounded the Singerfelt home. It is believed that the entire family was asleep when the house caught. It was burned to the ground and no one escaped.

A Mother's Desperate Deed.

A dispatch from Lock Haven, Pa., says a pathetic story of a desperate deed with a fatal sequel, that caused the death of three persons, comes from Westport. John Conners, his wife, Nellie, aged thirty-seven years, and six small children lived in the village. The wife was soon to become a mother for the seventh time, and being in ill health, brooded over the fact, together with the further expense and responsibility it would entail. On Tuesday afternoon the mother went to the little village store and purchased a pound of mixed candy. Returning home, she devided it among the six children, but on the portions given to the two smallest children she placed strychnine. They were Guy, two years old, and Bruce, aged about five years. Soon thereafter she swallowed a good-sized dose of the deadly stuff herself. All three became deathly sick. Doctors were summoned, but when they arrived they found the victims in great agony, and all died within an hour. The other four children who partook of the candy suffered no bad effects, as it was the evident intention of the desperate mother to spare their lives and sacrifice but her two youngest children. When and where she obtained the poison is a mystery.

Out of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklin's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by E. S. Leadbeater & Sons, Druggists. 25c.

THURSDAY EVENING, APRIL 4, 1907.

THERE is more trouble in the Philippines, and of a nature that is causing apprehension to the present administration. The President's proclamation fixing July 30 as the date for the election of a National Assembly finds a somewhat involved political situation in the islands. Pulajanism still exists in Samar, and while the authorities pretend to have no fear that it will result in an insurrection, brigandage in the unsettled areas still prevails. The progress party is not considered likely to elect its whole ticket, as the independent party is making a strong showing. Advices from the provinces indicate that the two parties' methods are inconsistent, both posing as friends or as enemies of the Americans, as the situation demands. The governor of Laguna province has discovered the existence of a reorganized Katipunan, or Tagalog anti-government society. The remodeled seal of the society shows the clasped hands of Japanese and Filipinos and the rigid oath of the members ends with the words "without quarter."

PRESIDENT ROOSEVELT is attempting to pose as an intended victim of the capitalist classes of the country. According to statements in republican papers, the President alleges that there is now on foot a conspiracy to defeat his policies in the next Congress and the next national convention, a movement similar to "the rich man's conspiracy" which, three years ago, sought to defeat his nomination and to secure the nomination of Mr. Hanna; that the conspiracy, under the guise of the "favorite son" movement, is already on foot in Ohio and Pennsylvania and that Mr. Harriman is one of the ringleaders. While Harriman has not, so far, made his charges against the President unanswerable, it is hard to understand how a man of his prominence would make such an allegation without having something up his sleeve to substantiate it.

PENNSYLVANIA'S new capitol, while an edifice to be admired, has been the means of bringing to light colossal scandals. John H. Sanderson & Co., of Philadelphia, contractors for furnishing the new Capitol, collected $1,728 from the State for two ordinary eight foot mahogany tables, for which a subcontractor received $40 each, according to the testimony of James Cameron, auditor of the Capitol Investigating Commission, at yesterday's hearings. George L. Holton, of the Derby Desk Company, said his firm furnished one oak desk, 63 chairs, 147 clothespoles, 109 umbrella tubes, 191 tables, 394 roll top and flat top desks and standing and typewriter desks. The total amount paid by Sanderson for all this furniture was $38,954.50. The total paid by the state to Sanderson for desks was $164,587.

STRONG EFFORT will, it is said, be made in the next two weeks to arrange a truce between Senator Foraker and Secretary Taft with respect to the situation in Ohio. Members of the Ohio delegation, who fear a rupture in the party that might turn the State over to the democrats, are the leaders in the movement. They are willing to support Taft for the presidential indorsement and Foraker for the senatorship, and believe an arrangement of this kind can be made and a stop put to the present fight between the Taft and Foraker adherents. This, it is believed by many, is the arrangement which Senator Foraker most desires.

HEALTH OFFICER WOODWARD, of the District of Columbia, has drafted a regulation providing that on and after July 1, 1907, every manager of a store, cafe, lunch room, or any other place where food or a beverage is manufactured or prepared for sale shall register his full name, the location of his place of business, and the nature of the business transacted in a book to be kept by the health officer for that purpose. This, the health officer believes, will prevent the sale of unwholesome food in the District. Should such a law prove beneficial in Washington a similar one might be tried in this city.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, April 4.

President Roosevelt and his friends are chuckling over what they term the inaccurate knowledge of law displayed in the statement issued yesterday by Judge Alton B. Parker in which he takes the side of Mr. Harriman in the latter's controversy with Mr. Roosevelt. Prominently displayed in this statement of Judge Parker appears the sentence: "Congress has refused to make an investigation of the corporate contributions of 1904 or to pass a law prohibiting corporate contributions in the future." Concerning this an administration official said today, "Congress passed a law prohibiting any national bank, or any corporation organized by authority of any laws of Congress from making a money contribution in connection with any election to any political office. Now I submit that this law, approved by the President on January 26th, 1907, is just about as strong as the legislative branch of the government can make and ought to satisfy even Judge Parker and his friends. The fact that Judge Parker did not know of its existence proves him to be several months behind the times. If the judge knew of the passage of this law and deliberately ignored it in order to get in a rap at the President he richly deserves to be placed in the category in which the President has consigned Hearst, Debs, Moyer, Haywood and Harriman."

Additional details of the "conspiracy" which the President charges is being formed by the corporate interests to defeat his policies, were given out with authority from the White House this afternoon. "The men who are engineering the scheme have a fund of $5,000,000 already subscribed to effect their purposes" said the administration representative, "and the trail of the conspirators goes right across the continent. They will stop at nothing by newspapers legislatures, or votes if necessary to down the President. When asked how the President had learned that the conspiracy was afoot, the President's spokesman replied: "It all came out at a dinner—I don't care to say just where the dinner was given or when it took place—when a friend of Harriman, Hearst and Rockefeller, especially the latter, attempted to gain some new converts to the scheme. As it happened he was in the midst of the President's friends, but he was too drunk to act with judgment. He gave the whole thing away."

"From now on it will be a fight in the open between the President and his enemies. The time for beating about the bush has ended and all the world will be able to see the prettiest scrap that has been pulled off for many years." This was the comment today of an administration official who stands very close to the President. Continuing he said: "The President welcomes the opportunity to place Harriman in the list of his enemies. Instead of saying in his speeches hereafter that he despises demagogues of all kinds, he will come boldly out and declare that he hates men like Harriman. He places him in the same list as Hearst, Debs, Haywood and Moyer, and will take great delight in writing them all down in the same line with a dot to the i and a cross to the t. The very fact that Mr. Harriman's future opposition to him will have to be in the full light of day is very gratifying to the President. He feels that the enmity of such a man is to be courted. Certainly as long as Harriman stands for what he does, he, the President, does not want his friendship. The people at large will choose between them and will make no mistake." In his interview with the Washington newspaper correspondents yesterday the President related an incident that took place while he was Assistant Secretary of the Navy. The question of veracity was raised between himself and a man who has since figured quite extensively as a politician and Hearst lieutenant. After two or three letters had passed each way, the other man thought to settle the argument by writing Mr. Roosevelt: "I will much regret to lose the good opinion I have always had of you." Mr. Roosevelt replied very briefly to this. "I cannot imagine any circumstances that would be a matter or more supreme indifference to me than the loss of your opinion good or bad."

When the inquiry into the Harriman railroads was resumed today by the Interstate Commerce Commission, represented by Commissioners Clements, Lane and Harlan, Paul D. Cravath, of counsel for Harriman, at once began an argument in defense of the Chicago and Alton deal. Harriman himself was not present. Cravath paid much attention to the distribution of $6,000,000 secured from the $32,000,000 sale of bonds, as dividends among the stockholders. He said: "If the stock had remained in the hands of the 700 or 800 stockholders instead of being placed with a syndicate, represented by Harriman, Gould, Schiff, and Stillman, there would not have been a word of criticism made of this distribution as dividends," he declared. "It was merely carrying out the purpose of the old management as shown by statements by President Blackstone. It was merely returning to the stockholders something like 40 per cent of the earnings that had been expended upon permanent improvements." In closing, Cravath summed up his defense of various proceedings in the Chicago-Alton recapitalization.

The President believes that the plot to encompass the defeat of the policies for which he stands and to secure control of the next national convention of the republican party, is now hatching in the political situation in Ohio. He regards Foraker as the exponent of the reactionary element, and believes that the Ohio Senator will receive the active support of that portion of the commercial and financial world which the President has found it necessary to antagonize. The White House has been keeping close tab on Foraker's movements in the past two weeks, and it is said that the President is convinced that the Ohio Senator's activities are not confined to his home State. A rather significant development in the situation is that Senators Foraker and Crane have been holding almost daily confabs since Foraker issued this recent sensational challenge to Secretary Taft for a try out of their presidential and senatorial ambitions by means of primaries in the Buckeye State. Crane is recognized as one of Senator Aldrich's lieutenants, and Aldrich is the leading "conservative" in the Senate.

Baron Rosen, the Russian Ambassador to this country, today made formal presentation to this government of a note from the Russian government announcing the reservations made by the various powers with regard to the subjects to be discussed before the forthcoming peace conference at the Hague. The reservations made by the powers are of two kinds. One reserves the right to refrain from participating in the discussion upon such subjects as may be presented which do not seem likely to lead to practical results. The other class of reservation preserves the right of those powers making it to bring up subjects before the conference which were not in the original programme submitted by Russia to the owners last year.

Captain Doyle, of the U. S. cruiser Chicago which is lying off the town of Amapala which has been recently under bombardment by the Nicaraguan forces, has reported that there is a cessation of hostilities at that point for the present. He says nothing as to the whereabouts of Bonilla and it is apparent that he has not yet sought asylum under the American flag. The U. S. gunboat Princeton is also at Amapala. Senor Federico Mejia, the new Minister to the U. S. Salvador and Honduras, has arrived in this city and was today presented to Secretary Root and Assistant Secretary Bacon.

Senators and Representatives and other ordinarily competent judges of political moves say that the only logical outcome of the Roosevelt-Harriman controversy and the expose of the "conspiracy" to down him that the President's friends have discovered in the making, will be the active candidacy of the President himself two years hence. A Western senator said today: "When the full details of the conspiracy the President has unearthed are made plain to the public, as they will be in due time through the adroit press agency of the President's friends, the demand for a third term for Roosevelt will be stronger than ever."

The Department of Justice has already begun an investigation into the so-called watch trust. The charges, which were presented to President Roosevelt yesterday by an Ohio delegation, headed by Representative Kennedy, are being examined with great care, in connection with documentary testimony received from Representative Rainey, of Illinois, some months ago. Assistant Attorney General Purdy, who has charge of trust prosecutions, will probably appoint a special attorney to conduct the inquiry.

THE METHODISTS.

The Maryland Annual Conference of the Methodist Protestant Church began its annual session yesterday at the Rhode Island Avenue Church, Washington. Rev. Dr. F. T. Little presided. Interest in yesterday's session centered in the election of the president, and on the first ballot Rev. J. M. Sheridan, of St. James' at Hanesville, Kent county, was elected.

The conference then proceeded to the election of other officers. Rev. W. S. Phillips, the efficient secretary, was re-elected unanimously, and he at once appointed Revs. J. H. S. Ewell, J. H. Straughn and G. I. Humphrey his assistants. The following board of stewards for 1908 was then elected:

Conference, Rev. Clayborne Phillips; church extension, R. L. Shipley; superannuates, C. P. Nowlin; foreign missions, R. K. Lewis; general home missions, C. R. Strausburg; education E. P. Perry; church home, B. F. Ruley, and Bible and tract, G. E. Brown.

Next to the election of officers, the most important episode was the introduction of a resolution by Mr. Daniel Baker, of Baltimore, for the appointment of a committee, whose duty it will be to bring about, if possible, an increase in the salaries of all the ministers in the conference, the increase to go into effect at once.

When Bishop W. F. McDowell, of Chicago, called to order the one hundred and twenty-third annual session of the Baltimore Conference of the Methodist Episcopal Church in Cumberland, Md., yesterday, in the Center Street Church, this religious body entered upon what is considered one of the most important gatherings in its history.

The session was devoted principally to organizing the Conference preparatory to taking up the real work of the week tomorrow, nearly the entire morning being consumed in designating the Conference auxiliary committees and receiving the reports of the presiding elders of the various districts.

The reports show that Methodism is in a healthy condition and that every year results in an increase in church work and membership.

The British first cruiser squadron sailed from the West Indies yesterday for the Jamestown Exposition.

HARRIMAN PLOT!

Revelations of a sensational and significant order regarding the inner political workings of the republican party in the last few years were made in Washington yesterday as a result of the controversy between President Roosevelt and E. H. Harriman—over the sources and methods of the raising of the republican campaign fund in 1904.

The revelations constitute in a way the administration's answer to the practical reiteration yesterday morning of the original charges made by Harriman in his now famous letter to his friend, Webster, to which the President so bluntly and fiercely gave the lie.

The President believes there is now on foot a conspiracy among the money chiefs of the country to prevent the carrying out of his policy to secure from the next Congress legislation supplementary to that secured from the last for federal control of the great corporations. In the belief of the President—and his belief is based on what he regards as reliable information—active work is now being done in several States, and especially Pennsylvania and Ohio, to forward the plans of the conspirators, chief among whom are mentioned E. H. Harriman and John D. Rockefeller, or the authorized representatives of the latter.

Curiously enough, the President is said also to believe that William Randolph Hearst is in this rich man's conspiracy to defeat his policies, notwithstanding the fact that in the Hearst newspapers Harriman and Rockefeller are the objects daily—almost hourly—of the most savage and relentless attacks.

The President yesterday afternoon began his conversation with the newspaper correspondents by quoting from the signed statement "to the American People," which he issued on the night of November 4, 1904, in answer to the charges made against himself and Mr. Cortelyou in public speeches by Mr. Parker. The President read this extract from the reply which he made to Judge Parker that night.

Among the things stated by the President are the following:

That in 1904 the trusts and millionaires used every effort to defeat him for the nomination.

That he ordered the national republican committee to refuse any tobacco contribution in 1904, and that contribution of independent tobacco dealers was returned.

That $20,000 was returned to the man who expected to be made minister to Belgium.

That Harriman begged for contributions from the national committee to "save" New York State.

The President declares this combination is now at work in Ohio in an effort to defeat Taft for the presidency, and in Pennsylvania, where it is boosting Knox for the same office.

Another conspiracy in 1904 to defeat him for the presidential nomination was disclosed at that time by Senator Pritchard, who declared that James B. Duke, president of American Tobacco Company, had asked him to keep his hands off in the fight.

The gravamen of these charges lies in the assertion that the corporations have been blackmailed into contributing, and in the implication, which in one or two of Mr. Parker's speeches has practically taken the form of an assertion, that they have been promised certain immunities or favors or have been assured that they would receive some kind of proper consideration in view of their contributions.

Then, continuing the reading of this extract, the President yesterday afternoon laid emphasis upon the following extract from his reply to Judge Parker:

That contributions have been made to the republican committee, as contributions have been made to the democratic committee, is not the question at issue. Mr. Parker's assertion is in effect that such contributions have been made for improper motives, either in consequence of threats or in consequence of improper promises, direct or indirect, on the part of the recipients. Mr. Parker knows best whether this is true of the contributions to his campaign fund which have come throught his trusted friends and advisers who represent the great corporate interests that stand behind him. But there is not one particle of truth in the statement as regards anything that has gone on in the management of the republican campaign.

After calling attention to these extracts from his reply to Judge Parker, the President went on to say that some of the contributions which had been made to the republican campaign fund of 1904 were rejected and others were returned.

New York, April 4.—The market developed general strength after the irregular opening and in the first hour all the active issues made important advances. There was much talk about the strike situation in Chicago. The general opinion was that some compromise will be reached. by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. Thaw Declared Sane.

New York, April 4.—With a confidence born of the belief that no harm could come to him on the anniversary of his marriage, Harry Thaw went to court today firmly expecting that the lunacy board by which he has been examined would declare him sane. He looked for this verdict as an "anniversary gift" from the commission. Evelyn Nesbit Thaw shared with her husband the confidence that the anniversary must prove "a lucky day for Harry."

Just two years ago today Thaw and Evelyn were married in Pittsburg. For over nine months they have been separated by a gulf too broad to measure. Both had hoped that before this second anniversary Thaw would be free.

The greatest excitement prevailed about the court house this morning when it became known that the lunacy commission was closeted with Justice Fitzgerald. The justice was at the court house before ten o'clock, and the commission arrived shortly after.

The jury came in at 11:30 o'clock and court convened. After filing into their places, the jury was excused until 2 p. m. this afternoon owing to the fact that the insanity commission has not yet completed its report.

It is understood that the commission is divided in opinion as to Thaw's sanity Dr. Putzel, it was reported, had failed to agree with the legal members in considering Tbaw sane. Justice Fitzgerald hoped to secure a unanimous verdict.

The members of the commission evidently believed this was possible, if they were given a little longer time for discussion. It was for this purpose that the recess until 2 o'clock was taken.

Shortly before 12 o'clock Dr. Putzel withdrew from the council of the commissioners. He left the court house and started toward his office. The other commissioners were still in session with Justice Fitzgerald. Dr. Putzel, it was reported, has finally withdrawn from the commission. He declined to discuss the matter when he left the court house.

The Thaw lunacy commission filed its report today finding Thaw sane. The report was unanimous. The trial must now be resumed where it was left off when Jerome made his demand for a lunacy commission.

Strike Prospects.

New York April 4.—Private advices from what is deemed good authority have been received here this afternoon to the effect that there will be no general strike of the Western trainmen, though a number of smaller strikes on individual lines are expected within a month or two through the failure of the present conference of workers and magnates to agree to a satisfactory wage adjustment. It is reported in several of Wall street quarter that some of the railway employes have admitted that they were bluffing and have been unable to make good now that their bluff has been called. It is said the men have been told in so many words by Commissioner Neill that should they strike they would be certain of defeat owing to lack of public sympathy.

Riotous Strikers.

Cleveland, O., April 4.—An attempt to land strike breakers at the Loraine plant of the American Shipbuilding Company late last night resulted in a riot. A coach load of strike breakers were attacked by a mob of men, women and children, armed with stones, coupling pins, and clubs. The coach was demolished and many of the men badly injured. To save the men's lives, the engineer pulled out for Cleveland where the injured were attended to. The mob then turned its attention to the company's office which was badly damaged. The company now has 275 men inside the stockade and will attempt to send in others protected by armed guards. The big plant employing 1,800 men has been tied up for a month by the strike.

Italians Burned to Death.

San Francisco, April 4.—Fifteen Italian laborers are believed to have lost their lives in a fire which destroyed a three-story frame lodging house early today. Between 35 and 40 persons were asleep in the building when the fire started. Eighteen or twenty jumped from windows to escape the fire and nearly all were injured, twelve being seriously hurt. Most of the injured have broken arms and legs. Fifteen are missing. All are men but one, the wife of the proprietor of the place. Their bodies are supposed to be in the ruins.

Pennsylvania Railroad.

Philadelphia, April 4.—Statistics just compiled by the Pennsylvania Railroad show that the system now comprises 28,109 miles of track; or 7.2 per cent of the total track mileage of all the railroads of the United States. The line mileage of the system is 11,081 miles. Of this, 4,048 miles is in Pennsylvania; 1,829 miles in Ohio; 1,495 miles in Indiana; 814 miles in New York; 766 miles in New Jersey; 648 miles in Maryland, and 273 miles in Delaware. During last year the Pennsylvania added 64 miles to its lines and 661 miles to its track mileage.

Firemen Injured.

New York, April 4.—Twenty-four firemen were hurt, four of them seriously, in fighting a fire in Maiden Lane early today. An explosion blew out the walls on the top floor of the building. Four of the men were caught under the mass of debris. They were rescued by comrades just in time and hurried away to hospitals. Flying bricks, broken glass and splinters which were hurled in all directions injured a score of other firemen. Chief Croker and Deputy Chief Guerrin were among those hurt.

LETTER TO GEORGE W PETTY

Alexandria, Virginia.

Dear Sir: Take a two-story house and reckon the costs with different paints; you will be surprised. Say the house has a total of 3210 square feet.

Divide by 300; you buy 11 gallons. That's the rule; but it never comes out so.

Buy any other paint than Devoe, you will have to buy more, up to possibly 22 gallons. Paint Devoe, and you'll have a gallon or two to return. Here are some experiences.

N R Watkins, Lott, Texas, used 13 gallons on his house before; bought 13 gallons Devoe for same house and had 5 left.

C B Edwards, of Edwards & Broughton, printers, Raleigh, N C, used 30 gallons paste paint on his house; bought 20 gallons for same house and had 16 left. Go by the gallons.

Yours truly,

Secretary Taft and Party.

Colon, April 4.—Secretary Taft and party after leaving Panama yesterday morning for Colon, sailed from there on the Mayflower for Havana and Porto Rico at midnight. General satisfaction is felt on the isthmus at Secretary Taft's visit, and it is believed it will have practical results. Mr. Taft held conferences at Colon and Panama with merchants regarding the free introduction of liquors and tobacco by the commissary department and the complaints about the Tivoli Hotel, all of which are likely to be considered at Washington. The University Club will give a send-off to Engineer Stevens in the form of a grand reception on the occasion of his departure for the United States.

Havana, April 4.—Details of a conspiracy were exposed today by which a revolt was to have been engineered during the visit here of Secretary Taft next week. The scheme is said to have been arranged by moderates who had planned to make it appear a liberal uprising in order to demonstrate to Secretary Taft the necessity of keeping the American troops on the island.

Investigating a Murder.

Havana, April 4.—Governor Magoon has ordered the investigation of what appears to have been a political murder, Jose Raisel Ayala, former chief of police of Guines, being the victim. He was attacked by a band of eight negroes, according to his ante-mortem statement, and ten shots were fired. Ayala and his father, former Alcalde of Guines, were strong moderates and lost their positions. After the revolution Ayala fled to Mexico. He returned last Sunday and talked boastfully, declaring he had brought 1,000 rifles with him and would start a revolution. As he was leaving his house Tuesday night he encountered a band of negroes and the shooting followed. Ayala died yesterday. Guines is greatly wrought up over the tragedy, but as 100 American soldiers are in the town it is believed disorder can be suppressed.

Rushing Troops to the Frontier.

St. Petersburg, April 4.—Strong detachments of Russian troops are today being rushed to the Roumanian frontier by General Kaulbaars, in command of the forces at Odessa. DEFENDS RAILROADS.

The annual banquet of the Merchants and Manufacturers' Club was held at Greensboro, N. C., last night. The principal event of the banquet was the address of W. W. Finley, president of the Southern Railway.

After discussing the interest of North Carolina in improved railway transportation and pointing out the need of additional railway construction in the State, Mr. Finley spoke of the identity of the interests of the public and the railways and showed what would be the effects upon both of some of the proposed legislation. He said:

"The interests of a railway and of the people dependent on it for transportation are so completely identical that I have no hesitation in saying that every legislative proposition that is inimical to the railroads will be found, on careful examination, to be equally inimical, in its ultimate effects, to the interests of the people of the territories served by their lines."

Mr. Finley said that, while the capitalization of each railroad must be considered on its merits, he was convinced that there was serious popular error in supposing that there is any considerable overcapitalization of railroads in the United States.

He continued:

"But leaving aside the question as to whether the railroads of this country are overcapitalized, I wish to say to you that the idea that rates are controlled by capitalization is entirely without justification. Capitalization may affect the intrinsic value of a company's securities, and thus affect the investing public. It cannot control a carrier's rate, and hence cannot affect the shipping public.

"In all the discussion about the supposed relation between railway capitalization and rates, I have been unable to find that any one has attempted to formulate a comprehensive and practicable scheme for basing rates on capitalization. I am convinced that if any one should seriously undertake to work out such a scheme he would soon find it to be absolutely impracticable. Take the case of railways competing for business between two common points One of them may be a line constructed through comparatively level country at relatively small cost and the other may be constructed through a mountainous country at very heavy cost. The capitalization of the mountain line may, very properly, be two or three times as great as that of the low-grade line. If rates should be based on capitalization, the rates on the mountain line would be two or three times those on the other, and the mountain line, because of its high rates, would be put out of business between the competitive points. The loss of its business between these points would probably make it impossible for it to earn from non-competitive business alone enough to pay the interest on its bonds. It would go into the hands of a receiver with no prospect of ever getting on."

Referring to the argument that rates are kept up in order to pay dividends on watered stock, and that if these payments are not made earnings could go to improvements and betterments, Mr. Finley said that this was an entire misconception of the financial situation of the railroads, and he greatly feared that an exaggerated idea of the earnings and wealth of the carriers was at the bottom of much of the exasperated public sentiment and hostile legislation.

His Dear Old Mother.

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well" That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Picture of Robinson.

Chief Goods of the police force has received from Phoenixville, Pennsylvania, a picture of Frank Robinson, colored, who has been a fugitive from justice for over a year, he being charged with the murder of a baker in Phoenixville. According to the picture the alleged murderer is of a much lighter complexion than Midgets, the negro who was convicted last week of the murder of Charles T. Smith in this city on the night of the 20th of last October. Robinson is from four to six inches shorter than Midgets. The picture shows him with a smooth face. It will be remembered that during the trial Officer Garvey positively identified Midgets as being the man who committed the murder. He further stated that he had exercised espionage on him previously, supposing he was a promoter of policy. Charles Hohenstein, Wash. Jackson and William Bailey positively stated on the stand that the taller of the two men did the shooting. Midgets and Robinson generally went together while in Alexandria and were well-known in the western portion of the city.

The picture has been identified by Robinson's wife and also by Midgets' wife.

Mayor Paff today received a letter from Midgets. The latter is profuse in his praises of his honor and expresses the wish that he may live long. Among other things he says it would be better for the world were there many such men in it. He thanks the Mayor for the kindness shown while the writer was standing trial in this city, and requests his honor to visit him at the jail in Fredericksburg, as he has important matters to reveal to him which he will not trust in the mails. Midgets still maintains that he is innocent of the crime imputed to him, and expresses the hope that the authorities may soon locate Robinson. Midgets requests the Mayor to pray for him, and says his honor's action toward him has caused him to like him.

Mayor Paff today received from Governor Swanson a check for $100, the amount offered by his excellency for the apprehension and conviction of Smith's murderer. His honor will send the Governor's check and another for a similar amount from this city to Harrisburg, Pa.

Resolved, That any sum remaining after the expenses of the election are paid, shall be returned pro rata to the various candidates. Be it further

Resolved, That there shall be a separate primary and not held in connection with any other primary.

Unique Easter Gathering.

As was stated in the Gazette the Olympia Club, composed of some of the young men and young misses of the city, gave a pretty Easter social at the residence of Mr. William Rogers, on upper King street, Monday night.

The occasion had been looked forward to for some time with pleasure. About 8:30 o'clock the party began to assemble, when the season's greetings were exchanged between the members and visiting guests. A musical and literary programme was well rendered and much enjoyed. The entertainment was brought to a close by a collation served in the beautifully bedecked dining-room which was covered with garlands of green and carnations. School colors were much in evidence. Nothing was neglected to make the young hearts glad. At midnight the party dispersed to the strains of "Auld Lang Syne."

The refreshments were served by Rammel Bros., who also decorated the room.

Men's Meeting.

The next of the series of men's meetings given by the Presbyterian Brotherhood, will be held next Monday evening at 8 o'clock in the Presbyterian Church. The special treat offered the men of the city at this meeting will be an address by Mr. Chas. F. Nesbit, of Washington, on the extremely vital question "The Relation of Christianity to Modern Business Methods." In these days when so many trusted men are being found guilty of dishonesty, and graft is so frequently found in public work, the subject of Mr. Nesbit's address is one which should appeal to every thinking man, and he is especially fitted to handle this subject, as he has made a life study of social and economical questions, and is, in addition, an unusually strong and attractive speaker.

Weddings.

A pretty wedding took place in Christ Church yesterday when Miss Mary Slater, formerly of this city, but now of Washington, and daughter of the late John Slater, was married to Mr. Clyde C. Lamond, of Takoma, D. C. Rev. Berryman Green officiated. A number of friends of the bride and groom were present. Mr. and Mrs. Lamond will make their home at 831 Oregon avenue, Washington.

Mr. Bernard B. Brown and Miss Elizabeth Boyer were married last night at the home of the bride's parents, on north St. Asaph street, by Rev. C. D. Bulla. Only the immediate members of the families represented witnessed the ceremony. Mr. and Mrs. Brown later left on a wedding trip through the South.

Mr. George D. Southard and Miss L. Carrico, daughter of Capt. Francis and Mrs. Lucy Carrico, were married last night at the home of the bride, 217 north Patrick street, by Rev. J. R. Sevier.

Body Identified.

The body of the colored man found yesterday morning beside the tracks of the Washington Southern Railway near Brickhaven, has been identified as that of a colored man named Wm. H. Berry, an employe of the New Washington Brick Company. Coroner S. T. Ashton was notified, and an inquest was held, but the jury was unable to determine the exact cause of death. The remains were removed to the undertakers establishment of B. Wheatley, in this city. A further investigation into the matter is expected to be made by the county authorities, as it is said that there are circumstances that indicate that the man had met with foul play and had not been struck by a train, as first supposed. The deceased was about forty-five years of age and lived near the brick yards.

Funerals.

The funeral of Mrs. Grace Rittenour, wife of Dr. A. A. Rittenour, took place from the residence on King street, near Columbus, this afternoon, and was attended by many friends and acquaintances. The services were conducted by Rev. P. P. Phillips, of this city, and Rev. Mr. Skellinger, of Washington. The pallbearers were Messrs. Richard, Frederick and Russell Rittenour, of this city; John P. Gilmore and George Godron, of Washington, and Dr. Tanner, of Baltimore.

The funeral of James C., the little son of Mr. M. L. and Mrs. Mamie C. Risheill, took place this afternoon from the residence of his parents, on north Columbus street. The services were conducted by Rev. Dr. Fisher.

Cameron Club.

Last month it was announced by Miss Richards that there was a probability of a change of date for the April meeting, Monday 8. She now writes to say that the stereodopticon lecture will be given Friday, April 12. The subject is Davidspeil, an old testament play of King David, acted by the people of Oberammergau and given but once in every 30 years. Two years ago Miss Richards was fortunate enough to see it and she declares it to be one of the finest things she has ever witnessed. As the rooms at Lee Camp Hall are not quite large enough to show the pictures to advantage, through the kindness of the vestry of Christ Church, the lecture will be given in the Parish Hall.

Personal.

Invitations have been issued for the marriage of Mr. Benjamin McKnew Aitcheson and Miss S. Maud Downham, daughter of ex-Mayor and Mrs. E. E. Downham, which is to take place at the residence of the bride's father on north Washington street, on the 17th instant, at 8 o'clock in the evening.

Miss Kittie Barrett entertained ten of her debutante young lady friends at her residence, 408 Duke street, to a beautiful luncheon on Wednesday. The table decorations were dainty and lovely as good taste could make them, the prevailing colors being pink.

Mr. Joseph Lovejoy, of Boston, who had been on an extended visit to this city, has returned to his home.

Democratic Primary.

As will be seen by a notice published elsewhere, the democratic committee of this, the Eighth, district decided at the meeting held at Manassas yesterday to hold a primary election on June 19th to nominate a candidate for Congress. A telephone message received at this office at 4 o'clock yesterday evening from Manassas stated that the election would be held either on the 12th or 19th and later the 19th was the date decided upon. At the committee meeting it was definitely ascertained that the governor will not call a special election, the matter going over until the regular election in November. This was stated in a letter from Gov. Swanson to Chairman Shackelford, of the committee.

Will Reside in Alexandria.

Rev. E. V. Regester, formerly of this city, but who has recently been appointed presiding elder of this district for the M. E. Church South, was in the city yesterday evening with Mrs. Regester. Mr. Regester has decided to make his home in Alexandria during his term as presiding elder. He has many friends here who will be glad to learn of his decision.

Election of Officers.

The Old Dominion Boat Club at their meeting last night elected the following officers: Albert Bryan, president; E. H. Kemper, vice-president; Arthur Herbert, treasurer; David Hulfish, secretary; Jas. S. Douglas, jr., captain; C. E. Barrett, 1st lieutenant; H. L. Reed, 2nd lieutenant; G. L. Boothe, Arthur Bryant, W. L. Allen and W. G. Rogers, board of governors.

Race Riot in Lynchburg.

A small race riot occurred at 10:30 o'clock last night at Fifth and Main streets, Lynchburg, in which two white men and two negroes were shot, the wound of one of the negroes probably being fatal.

Three white men were walking on Fifth street, and they were jostled off the sidewalk by four negroes, one of the white men being knocked into the gutter. A quarrel ensued, and general shooting followed, ten or a dozen shots being exchanged. A street car approaching was struck a number of times, the glass in the vestibule being shattered.

The wounded white men are A. L. Weir, who was shot in the hip and left leg, and S. C. Crawford, who was struck in the left hip. The wounded negro is John Haskins, who was struck in the abdomen. An unknown negro, who escaped, was shot through the wrist.

Filipinos to Aid Japanese.

A dispatch from Manila says that the governor of Laguna province has discovered the existence of a reorganized Katipunan, or Tagalog Anti-Government Society, similar to that formed under Spanish rule, now headed by Dominador Gomez, a name likened to that of Dr. Rizal, the martyr to the cause of the Filipinos. The remodeled seal of the society shows the clasped hands of Japanese and Filipinos, and the rigid oath of the members ends with the words "without quarter."

A factory, where uniforms were made to clothe Filipinos who wish to fight for the Japanese, has been discovered at Tayabas, sixty-two miles from Manila. Ladronism exists in the Iloilo and Capiz districts, but the constabulary control the situation, and in the Samar and Leyte districts matters are improving slowly. The other provinces are only active politically.

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure—and has been for 20 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's label—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by E. S. Leadbeater & Sons, druggists.
